

Back to Basics are doing everything we can to support the community to minimise the spread of the coronavirus (COVID-19) declared by the World Health Organisation (WHO) as a pandemic (as of 12th March 2020)

Back to Basics have been providing our courses electronically for many years. During this time of uncertainty we want to assure you that we are maintaining our services and are fully operational.

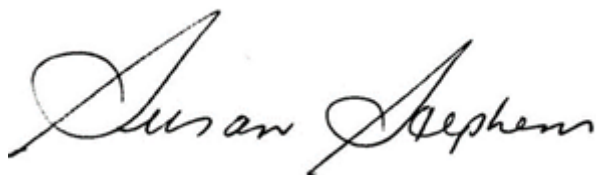

We are aware that some students are shifting to more remote work, we hope that your experience with Back to Basics may help that transition.

Our policy is to answer the phone within 3 rings, we ask during these changing times that if we do not answer the phone straight away – leave a message – we will always get back to you.

And of course we are always available by email.

These are challenging times and the safety, health and well-being of our valued students & staff are our priority. We feel confident that as a company and community if we work together and adapt to the changing times we will come out of this situation stronger.

Kind Regards

Susan Stephens
Managing Director
